PlayTogether – Playbooks for playgroups

Information on how to make playgroups Inclusive.

PlayTogether is an inclusive play program, developed to foster inclusive cultures within our playgroup village.

Play can take many forms and how each child plays is completely unique. Playgroup provides the opportunity for children to play with their parents or caregivers, and other adults and children in a safe, nurturing community environment.

This booklet has been designed to support inclusive play opportunities for all children and families, especially those with additional needs, disability, or from diverse cultural and linguistic backgrounds. It provides a variety of activity sheets with modification options to ensure everyone can play together and participate.
