

## COVID-19 Update

Friday 10<sup>th</sup> July, 2020

Much has happened over the last week that has had a huge impact on so many families. The result is that what we can, and can't do, is different depending on where we live. The challenge now is to see the opportunities that we might be able to create together as a result.

### **We live outside the Metropolitan Area and Mitchell Shire**

For those of you outside the lockdown postcodes, we would love to see and hear how things go if you are able to get back to playgroup.

Remember to check the [DHHS website](#) regarding restrictions. For those who haven't seen it yet, please click here to download our [Back to Playgroup Guide](#). This will assist you in making sure you have everything in place to meet the government requirements.

We would love for you to share your experience with us as you get your playgroups back up and running. Upload your photos and video to our [Playgroup at Home Facebook group here](#). Good luck and if you need any further assistance please let our team know by [contacting us here](#).

### **We're in the lockdown suburbs**

To assist over the next six weeks, we are planning to run two live interactive playgroup sessions each week. Thanks to the internet this is not restricted by geography. We will let you know the details soon via

346 Albert St,  
Brunswick VIC 3056

info@playgroup.org.au  
1800 171 882 or (03) 9388 1599

playgroup.org.au

email and on our socials. There will be a booking form on our website. Our Playgroup Development Team, PlayConnect and MyTime facilitators will be your hosts.

This is not what we had hoped and what we had planned. What is important is that we do everything we can to stay safe and keep our neighbours and community safe. You can find detailed information about the new restrictions at the [DHHS website here](#).

Looking forward to seeing and hearing how you go.

**Danny Schwarz**
