

Dinosaur Paper Plate Animal

What you need...

- + Crayola washable paint
- + Crayola paint brush
- + Crayola HB pencil
- + Crayola scissors
- + Crayola no-run washable school glue
- + Crayola glitter glue
- + Construction paper
- + Paper plate
- + Clothespin/pegs

What to do:

- + Paint an upside-down plate and 2 clothespins. Dry 1-2 hours. Add second coat. Dry 1-2 hours.
- + Using place as guide, sketch dinosaur scales on cardstock. Cut out.
- + Sketch and cut out construction paper head and tail.
- + Flip plate right-side up. Glue scales, head, and tail to plate.
- + Add glue to rim of plate. Fold in half and press down to secure. Let all glue steps dry 1-2 hours.
- + Clip clothespins to bottom of plate to create legs
- + Draw facial features with markers.
- + Add sparkly accents with glitter glue. Dry 3-4 hours, then have a dino good times!
