

Nature Bingo!

Let's go outside! What can you find?

Take the children for a walk to the local neighborhood, park, or the bush and see if you can find what is on this list. You may find other things to add to the list, or create your own. Alternatively, draw pictures of what you see.

This is a wonderful opportunity for babies to explore together. Look, touch, smell, listen and talk about the things you see.

See Bingo sheet on
next page!

DEVELOPMENTAL AREAS:

COGNITIVE - FINE MOTOR - SPEECH - EMOTIONAL - GROSS MOTOR
